Re: Fluoridated Milk

From next term, 30th October, the milk provided for the children in school (from years 1-6) will be fluoridated milk. We have emailed you the information from the Public Health Department so you are aware of the serious concerns around the level of children's tooth decay in Blackpool (please ignore the tear off slip for return to school). We will still have a small amount of un-fluoridated cow's milk delivered for Reception children.

If you would like your child to opt out of this system, please indicate this in your child's diary.

Please note that once your child is receiving fluoridated milk, we need a half terms notice to change over to the original milk supplied.

Thank you for your support.
